 $\hat{N} \hat{N} \hat{N} \hat{N} \hat{N}$ $N N N N N$

A 10x10 grid of characters representing a sparse matrix. The characters are O, U, Y, M, and N. The matrix is mostly zeros (O) with some non-zero entries (U, Y, M, N) forming a sparse pattern. The non-zero entries are located at various positions, including the top-left, top-right, and bottom-right corners, and along the main diagonal.
